Office of the Deputy Commissioner,
Hassan District,
Dated Hassan, the 11th August 1936

From

Abdul Aziz Khan, Esq , B A ,

Deputy Commissioner, Hassan District

To

Secretary to the Government of His Highness
the Maharaja of Mysore, Development Department,

Bangalore

Sir,

I have the honor to state that the Dewan was pleased to suggest, during his visit to Holenarsipur, on 24th Feby 1936, that the question of acquiring and demolishing the Wetherall Bazar buildings situated to the East of the Town Hall might be investigated

2 The President, Holenarsipur Town Municipal Council, who was asked to take further action in the matter, furnished a copy of the resolution of the Municipal Council, passed at their meeting, held on 5th March 36, to the effect that as these buildings were situated within the compound of the Maternity Hospital, the Deputy Commissioner might be requested to move the Government and the District Board to bear the cost of acquisition.

3 As the acquisition was for the benefit of the Maternity Hospital, the matter was referred to the Senior Surgeon He replied, in his letter No C 2269-1, dated 22nd April 1936 that such questions are dealt with by the Public Works Department, and so, the Executive Engineer, Hassan Division might be addressed in the matter Accordingly the question was referred to the Executive Engineer, Hassan Division

4 In the meanwhile, the President, Holenarsipur Town Municipal Council addressed the President, District Board, Hassan, through this

(2) 725

office, stating that the value of the buildings was ₹ 3,500/- according to the mahazar of the townspeople, and requested him to take necessary action in the matter The President, District Board stated in reply, that the acquisition of the buildings was in the interest of the Municipality, that it does not serve any purpose to the District Board and so there was hardly any need for the District Board to bear the cost of acquisition The President, Holenarsipur Town Municipal Council, has submitted a copy of this reply, stating that the buildings in question mar the beauty of the Maternity Hospital and the new Local Fund Dispensary building, that the District Board ought to bear its share of the cost of acquisition and has again suggested that the cost might be met by the District Board and the Government

5 The Executive Engineer, Hassan Division has, in reply to this office letter dated 14th May 1936, requesting him to take necessary action in the matter, sent an estimate for ₹3,500/- and a plan of the buildings and has requested me to take further action in the matter

6 Neither the Municipal Council nor the District Board are agreeable to bear the cost of acquisition Further, the District Board are not in a position to meet this extra expenditure In these circumstances, I think the question has to be dropped for the present, even though, the demolition of these buildings is necessary, in the interest of the Maternity Hospital, unless Government are prepared to meet the entire cost from the Town Improvement Grant

I have the honor to be,
Sir,
Your most obedient servant,

DEPUTY COMMISSIONER,
HASSAN DISTRICT

The Director of Health may, if necessary, be consulted whether it is possible to spare any amount for the purpose out of the Town Improvement Grant for the current year
